Safe Harbor Statement

Except for historical information contained in this presentation, the matters discussed in this presentation (including the statements regarding the impact of the Company's expertise and products on customer purchasing decisions, anticipated growth in revenues, the accretive nature and projected cost savings associated with the Power Solutions and CS acquisitions and potential future growth for the Company's shareholders) are forward-looking statements that involve risks and uncertainties. Actual results could differ materially from Bel's projections. Among the factors that could cause actual results to differ materially from such statements are: the market concerns facing our customers; the continuing viability of sectors that rely on our products; the effects of business and economic conditions; difficulties associated with integrating recently acquired companies; capacity and supply constraints or difficulties; product development, commercialization or technological difficulties; the regulatory and trade environment; risks associated with foreign currencies; uncertainties associated with legal proceedings; the market's acceptance of the Company's new products and competitive responses to those new products; and the risk factors detailed from time to time in the Company's SEC reports. In light of the risks and uncertainties, there can be no assurance that any forward-looking statement will in fact prove to be correct. We undertake no obligation to update or revise any forward looking statements.

Bel Attendees

<u>Presenter</u>	<u>Background</u>
Colin Dunn VP Finance & Secretary	• Vice President of Finance since 1992 and Secretary since May 2003 • Finance Manager since 1991, after previously serving as a Director of Bel Fuse Ltd. and Bel Fuse Macau LDA • Vice President of Finance and Operations - Kentek Information Systems from 1985-1991 • MBA degree from Yale University
Dennis Ackerman VP Operations	• Joined Bel in 1986 and has held various positions in Sales, Materials, and Operations • Vice President of Operations since 2001 • President of Bel Power Solutions since 2014 • MBA degree from Fairleigh Dickinson University

Investment Highlights

- Demonstrated history of stable revenue growth and EBITDA
- Strong track record of cash flow generation
- Consistent performance driven by:
 - Diverse group of customers
 - Stable end markets
 - Successful integration of acquisitions
 - Stable management team

Transformational Growth Through Acquisition

Power Solutions & Protection

\$74m- \$256m

Connectivity Solutions

\$104m - \$198m

Magnetic Solutions

\$123m - \$173m

2014 sales reflect estimated full year pro forma sales from acquisitions.

Pursue Highly Strategic Acquisitions

Acquisition Rationale	• Proven, disciplined approach to acquiring companies -Accretive to earnings (EPS) -Leverage our fixed costs -Expand our global footprint -Focus on products and markets that we know and understand			
	• 8 successful acquisitions in the last five years. Four were divestitures from billion dollar conglomerates.			

Growth through Acquisition

Acquired Company	Year	Products	Revenue	Purchase
Emerson Network Power Connectivity Solutions*	2014	Connectivity	\$78M	\$98M
ABB/Power-One Power Solutions*	2014	Power	\$194M	\$117M
TE's Coil Wound Magnetics Business*	2013	Magnetics	\$75M	\$22.4M
Array Connector	2013	Connectivity	\$10M	\$10M
GigaCom Interconnect	2012	Connectivity	\$2M	\$2.7M
Fibreco Limited	2012	Connectivity	\$7M	\$13.7M
Powerbox Italia S.R.L.	2012	Power	\$4M	\$3M
Cinch Connectors*	2010	Connectivity	\$52M	\$37.5M
Galaxy Power	2005	Power	\$18M	\$18M
Insilco Passive Components Group*	2003	Magnetics	\$70M	\$35M
APC UK	2003	Power	\$5M	\$5.5M
E-Power/Current Concepts	2001	Power	\$3M	\$6.2M
Lucent Transformers + Inductor Group*	1998	Magnetics	\$35M	\$30M

Power Solutions at a Glance

Product Line Overview

Product lines	Markets served	Select product examples
Front-End ("FE")	Servers, storage, networking and telecommunications markets	
Board-Mount-Power ("BMP")	Networking, telecommunications, military and the broad industrial markets	
Industrial and Transportation ("IND")	Broad industrial, medical, military, rail and transportation markets	
Network Power Systems ("NPS")	Telecommunication infrastructure applications and remote power generation	

2014 Revenue \$194M

Leverage our Fixed Cost

- Restructure management \$5.8M
 - Utilized existing Bel management and existing middle level management to restructure senior leadership.
- Eliminate redundancies \$2.7M
 - Reduced headcounts in areas where Bel, with a combination of the two acquisitions, overlapped in certain functions such as web site development, marketing, sales, product management, and logistics.
- Combine facilities (estimated to be \$1.5M by 2016)
 - Closed Singapore and Russia office of Power-One
 - Closing Gothenburg Sweden office of Gigacom
 - Combining Fibreco UK into Connectivity Solutions UK facility
 - Combining Bel Pleasanton, CA location with Bel Power San Jose, CA facility
 - Combining Bel Power Hong Kong into Bel Fuse Hong Kong owned location
 - Plan to combine Cinch Lombard, IL facility with Bannockburn, IL facility

Corporate Constraints Lifted

Meetings and Programs

- 15% -20% of direct staff time was spent on reporting to corporate, while top management spend 40% - 60% of their time reporting to corporate
- Management processes such as weekly staff meetings, PACE, S&OP, GDP programs consumed a lot of resources and added little value

Customer Terms

- Contract limitations with large OEM customers, due to risk averse nature of the company
- No flexibility for payment terms beyond 30 days.
- Terms & Conditions – Mandatory limitations of liabilities

Unrealistic Company Goals

- Gross profit and operating targets needed to be maintained
- Quarterly revenue targets resulted in uneven production schedules and increased overtime and logistics costs
- Arbitrary headcount controls (revenue drops by 5%, headcount needs to drop by 5%)

Going Forward

Category	Bel	Power-One	Connectivity Solutions	Combined

Power Solutions & Protection

Overview

- Technology Leaders in efficiency and power density for Front-End and Board-Mount Power products for networking, cloud and open compute applications
- World-Class offering and well-recognized brand Melcher™ in Industrial and transportation markets
- Complete Portfolio of Electronic Circuit Protection Products

Servers, Storage & Networking
Industrial and Transportation
Lighting

LTM Revenue: **\$256M** | Percent of Total Revenue: **41%**

Growth Drivers

- Reengage with key customers
- New standard products AC/DC, DC/DC, and Circuit Protection
- Expanded offering for railway applications
- Partnership with Echelon
- New products for hybrid electric vehicles

Brands

MELCHER
The Power Partners.

a bel power solutions brand

Connectivity Solutions

Overview

- World-Class RF and Microwave Connector supplier
- Market leader for Expanded Beam and Fiber Connectivity
- Largest supplier of Boeing approved Circular Connectors (BACC) for the aerospace industry
- Market leader in deployment of 10GBT Passive RJ Connectors

Computer, Network & Communication
Industrial & Medical
Military & Aerospace

LTM Revenue: **\$198 mm** | Percent of Total Revenue: **32%**

Growth Drivers

- Emerson acquisition creates critical mass in expanded beam and Active Optical devices (Transceivers and Media Convertors)
- Expanded Copper based Connector and Cable offering and Cross-Licensing with Radiall for innovative solutions in commercial aerospace
- Greater strength in distribution channels and better penetration across existing accounts

Brands

Magnetic Solutions

Overview

- Largest offering of Integrated Connector Module products (MagJack®)
- Broad offering of Magnetics for industrial, consumer and commercial applications
- Largest selection of IC reference designs
- Market leader in deployment of 10GBT Integrated Ethernet Connectors

Computer, Network & Communication
Industrial & Medical
Consumer

LTM Revenue: **\$174 mm** | Percent of Total Revenue: **27%**

Growth Drivers

- Higher bandwidth and greater complexity requirements
- Continued expansion of SMD inductor and switching magnetics
- Internet Protocol (IP) traffic growing at nearly 20% CAGR
- Continued growth from end users picking up IC reference designs
- Volume production of press-fit MagJack® connectors
